

Name _____

Cut and Paste Karyotype Activity

Directions: Cut out the chromosomes on the next sheet and paste them next to their match. Use the size and banding patterns on each chromosome to help you. Notice that, with the exception of the sex chromosomes, they are grouped largest to smallest. When you are finished pasting your chromosomes, answer the question at the bottom of the sheet.

Which chromosome pair does not match? _____

Cut out the chromosomes below and paste them in the correct spot next to their match on your sheet.
